## Vignettes of Giving

"Dear Baha'i Friends,

Thank you for all the work you do. Believe me, you are appreciated.

I use the Automatic Contribution System (ACS) for my National Fund contribution. I would like to do the same for the Regional Council. I understand the request has to come from you. I would like to contribute \$\_\_\_\_\_ monthly and have included a voided check.

I am unable to do much in the teaching field being ninety and legally blind, but I pray a lot."

Hi Kids!

I hope you enjoyed the month of Sultan and, just like me, are looking forward to the coming year...and YES! in case you were wondering, the Baha'i year is almost over! Which also means we have just a few more months to spread the Holy Message to reach our teaching goals and to reach the National Fund goal. Do you know how many more months we have left for this year? And even better, how many months do we have in the Baha'i year? Click on the link below to see if you answer the questions above. For help with these questions, you can ask your parents or your local Treasurer.
